PHARMACEUTICAL FACTORIES HONOR STALIN
WITH ABOVE-PLAN PRODUCTION

Authorities at the Moscow "Akrikhin" Chemicopharmaceutical Factory revealed that, as of 2 December 1949, after a period of 3 years, 11 months, and 2 days, the 5-year quotas had been filled.

Workers of the Moscow Chemicopharmaceutical Factory imeni Karpov have also turned in above-quota production figures as their contribution in honor of Stalin's 70th birthday. On 21 December 1949 they will have produced one million rubles' worth of products above plan. Moreover, the program of strict economy in the utilization of raw materials has resulted in a return of 750,000 rubles to the state. The workers of the factory, in a final show of patriotism, resolved to increase production by 13 percent, release for other uses 1,350 cubic meters of shop space, and introduce some 50 new methods for greater productive efficiency.

Workers of Moscow Chemicopharmaceutical Factory No 9 have completed annual quotas for 81 of the 100 categories of products. In addition, they intend to increase December production 19 percent above quotas and to install a new automatic machine. Their greatest contribution toward the celebration is the production of a new preparation in ampoules.

Workers of Riga Pharmaceutical Factory No 3 have resolved that on 21 December they will put into operation a new shop and produce 640,000 rubles' worth of above-quota goods. Moreover, it is their intention to complete the annual quotas in all categories of goods. The Khar'kov "Zdorov'ye Trudyashchimsya" Pharmaceutical Factory will complete the annual production quotas on 20 December.

Workers of the Moscow "Tekhnolog" Factory expect to complete the annual plans in full, and in addition to fulfill the December quotas by 21 December. In doing this they will give the medical industry several hundreds of thousands of rubles' worth of additional medical instruments.

The Moscow Factory for Chemical Apparatus and Equipment completed the year quotas on 2 December. Workers have resolved to release an additional 400,000 rubles' worth of goods, exceed the December quotas, and increase the output of the factory by 25 percent.

The Leningrad Order of Lenin "Krasnogvardeyets" Factory expects to complete the December plan on 21 December. They also intend, as a result of stringent economy and modern efficient methods, to save some 1,750,000 rubles in 1949.

The Moscow Galena-Pharmaceutical Factory will by 21 December 1949 produce 300,000 rubles' worth of goods above plan. Production for all 1949 will exceed plans by 4 million rubles. The Five-Year Plan is to be realized on 31 December 1949.
